Brandon Stanton

After five years of traveling the globe, the creator of Humans of New York brings people from all parts of the world into a conversation with readers. He ignores borders, chronicles lives, and shows us the faces of the world as he saw them, from London, Paris, and Rome, to Iraq, Dubai, Ukraine, Pakistan, Jordan, Uganda, Vietnam, Israel, and every other place in-between. His interviews go deeper than before. His chronicling of peoples' lives shows the experience of a writer who has traveled widely and thought deeply about the state of our world.

# THE IVIES

Alexa Donne

Everyone knows the Ivies: the most coveted universities in the United States. Far more important are the Ivies. The Ivies at Claflin Academy, that is. Five girls with the same mission: to get into the Ivy League by any means necessary. I would know. I'm one of them. We disrupt class ranks, club leaderships, and academic competitions...among other things. We improve our own odds by decreasing the fortunes of others. Because hyper-elite competitive college admissions is serious business. And in some cases, it's deadly.
